

Kimberly Beckham has been with Armbrust & Brown since 1998. Her real estate practice involves advising clients in the areas of acquisition and disposition of real property, financing, utility development, and local government regulation. She represents real estate developers, homebuilders, investors, and various other individuals and business entities in negotiation and drafting of real estate purchase and sale agreements, leases, financing instruments, as well as due diligence reviews of all aspects of real estate transactions. She also represents landlords and tenants in leases for office, industrial, and retail properties. In addition, Kim is general counsel to a number of municipal utility districts and other special districts in Central Texas whose primary purpose is to provide water, sewer, drainage services, and infrastructure for major real estate developments.

Kim is a Certified Public Accountant licensed by the State of Texas, and prior to law school she practiced public accountancy with KPMG and Ernst & Young.
